Affinity Grouped

Layout Didn't undersand the Got a bit lost Why is there 2nd Tyres after entering an extra tyres page postcode and page car req Mobile Fitting Services page No clear step didn't have on the Tyre "Book a slot" clear steps results page felt like it Felt the 'Same should of been Day Mobile a button Fitting' button Wanted an could stand "add to Would like out more basket" button "how to make on the tyre a booking" Have the product page steps further Service up the page available Why wasn't further above "how to make the fold a booking" The "Shop further up the Tyres" button page was hidden behind promo banner

Wording

Information

Initial Basket screen didn't show appointment details

Once booked took a second to realise that had to go to Basket section

Basket summary didn't show appointment details

Other

Found the Navigation menu easy to use

The booking view was clear and easy to use

Liked the appointment layout
